## Vedlegg 2: Instituttets seminarer

veulegg 2. mistituttets seminarer
19. jan. Gerard Padró i Miquel, London School of Economics
The Value of Democracy: Evidence from Road Building in Kenya
22.jan. Thorsten Rogall, IIES, Stockholm University
Mobilizing the Masses for Genocide
23.jan. Iacopo Morchio, University Carlos III Madrid Information Frictions, Match Quality and Lifetime Unemployment
26.jan. Serhiy Stepanchuk, Ecole Polytechnique Fédérale de Lausanne
How Does Tax Progressivity and Household Heterogeneity Affect Laffer Curves?
29. jan. Matthias Messner, Bocconi University
The Design of Ambiguous Mechanisms
30. Jan. Katja Kauffmann, Bocconi University
Marriage Market and Intergenerational Effects of Elite Higher Education: Evidence from Chile 2.feb. Konstantin Kucheryavyy, The Pennsylvania State University
Comparative Advantage and International Risk Sharing: Together at Last
5.feb. Rasmus Lentz, University of Wisconsin-Madison
Optimal Employment Contracts with Hidden Search
9.feb. Marcelo Zouain Pedroni, University of Minnesota
Optimal Fiscal Policy in a Model with Uninsurable Idiosyncratic Shocks
10.feb. Enrico Mallucci, London School of Economics Domestic Debt and Sovereign Defaults
13.feb. Sidartha Gordon, Sciences Po
Information Choice and Diversity: the Role of Strategic Complementarities
16.feb. Yicheng Wang, University of Rochester
Can Wage Dynamics in Long-term Employment Relationships Help Mitigate Financial Shocks?
26.feb. Beata Javorcik, University of Oxford
Grin and Bear It: Producer-Financed Exports from an Emerging Market
27.feb. Jonas Hjort, Columbia Business School Firms' Response and Unintended Health Consequences of Industrial Regulations
2.mar. Anna Raute, University of Mannheim
Do financial incentives affect fertility- Evidence from a reform in maternity leave benefits
3.mar. Robert Schmidt, Humboldt-Universität zu Berlin
A simple dynamic climate cooperation model with large coalitions and deep emissions cuts
5.mar. Omer Acikgoz, Yeshiva University Transitional Dynamics and Long Bun Optimal Transition under Incomplete Markets
Transitional Dynamics and Long-Run Optimal Taxation under Incomplete Markets 9.mar. Ariell Reshef, University of Virginia
The March of the Techies: Technology, Trade, and Job Polarization in France, 1994-2007
12.mar. Victor Lavy, Hebrew University of Jerusalem and University of Warwick
The Long Run Human Capital and Economic Consequences of High-Stakes Examinations
13.mar. Knut Sunde, Norsk Industri
Norsk Industris konjunkturrapport 2015 16.mar. Henry Farber, Princeton University
Why You Can't Find a Taxi in the Rain and Other Labor Supply Lessons from Cab Drivers
19.mar. Stefan Ambec, Tolouse School of Economics
Environmental policy with intermittent sources of energy
20.mar. Jarkko Harju is Researcher at VATT
Experiences with reduced VAT rates in Finland and Sweden: Evidence from restaurant industry
23.mar. Wiji Arulampalam, University of Warwick Does greater autonomy among women provide the key to better child nutrition?
26.mar. Olivier Gossner, London School of Economics
The search curse for long-term relationships
27.mar. Jacopo Bizzotto, UiO
Contingent Payments and Certification Quality
7.apr. Eric Hanushek, Stanford University
General Education, Vocational Education, and Labor-Market Outcomes over the Life-Cycle 9.apr. Claus Kreiner, University of Copenhagen
Importance of Bequests in Shaping Wealth Inequality: Empirical Evidence from Danish Wealth Records
10.apr. Ole Christian Bech-Moen, NBIM
Without title
13. apr. Shafik Hebous, Goethe University Frankfurt
Evaluating the Effects of ACE Systems on Corporate Debt and Investment
17. apr. Daniel Spiro, UiO Ideological Perfectionism in the courtroom
20.apr. Ana Rute Cardoso, Spanish National Research Council
What lies behind the returns to schooling? The role of firm level heterogeneity
23. apr. Maitreesh Ghatak, London School of Economics
Theories of Poverty Traps and Anti-Poverty Policies
24. apr. Matti Tuomala, University of Tampere
Rediscovering Champernowne distribution and Optimal Non-Linear Income Taxation" 27. apr. Torsten Persson, IIES
Norms, Enforcement, and Tax Evasion
30.apr. Swati Dhingra, London School of Economics
• • •

Contracting and the Division of the Gains from Trade
4.mai Giacomo De Luca, University of York
Mafia in the ballot box
7.mai Giacomo De Giorgi, Barcelona Graduate School of Economics
Moral Hazard in the Credit Market
8.mai. Markus Jerkø, UiO
Alternative Probability Theories in the Theory of Evidence
11.mai Oleg Itskhoki, Princeton University
International Shocks and Domestic Prices: How Large Are Strategic Complementarities?
12.mai Dirk Krueger, University of Pennsylvania High Marginal Tax Rates on the Top 1%? Lessons from a Life Cycle Model with Idiosyncratic Income Risk
13.mai John Weymark, Vanderbilt University
Voting Over Selfishly Optimal Nonlinear Income Tax Schedules
18.mai Ananth Seshadri, University of Wisconsin-Madison
On the Origin and Causes of Economic Growth
21. mai Fabrizio Zilibotti, University of Zurich
Uni Zurich: Networks in Conflict: Theory and Evidence from the Great War of Africa
22.mai Yikai Wang, University of Oslo
Estimating Search Frictions
26.mai Michael Greenstone, University of Chicago
The Value of Statistical Life: Evidence from Military Retention Incentives and Occupation-Specific Mortality
28.mai Marco Battaglini, Princeton University
Public Protests, Social Media and Policy Making
29.mai Benjamin Holcblat, Bl
On Econometric Inference and Multiple Use of the Same Data
1.juni Peter Norman, The University of North Carolina at Chapel Hill
On Bayesian Persuasion with Multiple Senders
4.juni Serdar Ozkan, University of Toronto
What Do Data on Millions of U.S. Workers Say About Life Cycle Labor Income Risk?
9.jun Gilat Levy, London School of Economics
Segregation in Education and Labour Market Discrimination: The Role of Peer Beliefs
11.jun Dirk Bergemann, Yale University
Information and Market Power
15.jun Petra Persson, Stanford University
Competition and the Consequences of Grade Inflation
16.jun. Edward Glaeser, Harvard University
Unhappy cities
18.jun Graziella Bertocchi, University of Modena The Long-Term Determinants of Female HIV Infection in Africa: The Slave Trade, Polygyny, and Sexual Behavior
The Long-Term Determinants of Female HIV Intection in Atrica. The Slave Trade, Polydyny, and Sexilal Renavior
19.jun Amanda Friedenberg, Arizona State University
19. jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution
19. jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University
19. jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University Beeps
19. jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University Beeps 24.aug. Philippe Aghion, Paris School of Economics and LSE
19. jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University Beeps 24. aug. Philippe Aghion, Paris School of Economics and LSE Innovation and Top Income Inequality
19. jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University Beeps 24. aug. Philippe Aghion, Paris School of Economics and LSE Innovation and Top Income Inequality 27. aug. Sylvain Chassang, Princeton University
19.jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University Beeps 24.aug. Philippe Aghion, Paris School of Economics and LSE Innovation and Top Income Inequality 27. aug. Sylvain Chassang, Princeton University Collusion in Auctions with Constrained Bids: Theory and Evidence from Public Procurement
19.jun Amanda Friedenberg, Arizona State University         How Many Levels Do Players Reason? An Observational Challenge and Solution         22. jun Jeffrey Ely, Northwestern University         Beeps         24.aug. Philippe Aghion, Paris School of Economics and LSE         Innovation and Top Income Inequality         27. aug. Sylvain Chassang, Princeton University         Collusion in Auctions with Constrained Bids: Theory and Evidence from Public Procurement         31.aug. Jeremy Lise, University College London
19.jun Amanda Friedenberg, Arizona State University How Many Levels Do Players Reason? An Observational Challenge and Solution 22. jun Jeffrey Ely, Northwestern University Beeps 24.aug. Philippe Aghion, Paris School of Economics and LSE Innovation and Top Income Inequality 27. aug. Sylvain Chassang, Princeton University Collusion in Auctions with Constrained Bids: Theory and Evidence from Public Procurement
19.jun Amanda Friedenberg, Arizona State University         How Many Levels Do Players Reason? An Observational Challenge and Solution         22. jun Jeffrey Ely, Northwestern University         Beeps         24.aug. Philippe Aghion, Paris School of Economics and LSE         Innovation and Top Income Inequality         27. aug. Sylvain Chassang, Princeton University         Collusion in Auctions with Constrained Bids: Theory and Evidence from Public Procurement         31.aug. Jeremy Lise, University College London         Political Dynasties in Party-Centered Environments
19.jun Amanda Friedenberg, Arizona State University         How Many Levels Do Players Reason? An Observational Challenge and Solution         22. jun Jeffrey Ely, Northwestern University         Beeps         24. aug. Philippe Aghion, Paris School of Economics and LSE         Innovation and Top Income Inequality         27. aug. Sylvain Chassang, Princeton University         Collusion in Auctions with Constrained Bids: Theory and Evidence from Public Procurement         31.aug. Jeremy Lise, University College London         Political Dynasties in Party-Centered Environments         3.sep. Justin Leroux, HEC Montréal
