

Information guide for HGO4501

Dear students at HGO4501,

Here's an interactive summary about where to find what for this course:

[Course description](#): what the course is about, teaching and exam form, formal requirements; entry point for 'semester pages'.

[Semester pages](#): here's where you find the lecture plan/teaching [schedule](#), syllabus/reading lists, [exam date & place](#) – and entry point for Canvas.

[Syllabus-page](#): the readings are organized according to the lecture plan. Most readings are online articles, but you need to search for them yourself. Here it is [How to find an article on the reading list](#)

Canvas:

- For teaching purposes only. This means presentations for all lectures, additional/supplementary material, announcements, occasional homework, etc.
- All official information about the course is in the Course description and semester pages (that's why it is not here in Canvas).
- If any announcements are made, they will be published here, so check your dashboard regularly.

If anything, Jemima's email is here: Jemima.garcia-godos@sosgeo.uio.no

Enjoy the semester!

Jemima
