#### **Sak 4, saksnr. 31/14: SGO2301 Environment and society**

Emnet SGO2301 gjøres om til et fellesemne for sosiologi og samfunnsgeografi fra og med våren 2015. Emnet beholder mye av sitt opprinnelige pensum og innhold, men det legges til to forelesninger med Lars Mjøset, og generelt flere miljøsosilogiske pensumtekster. Hensikten er å kunne tilby sosiologi studentene et emne i miljøsosilogi.

De to nye forelesningene vil omhandle samfunnsvitenskapelige tilnærminger til natur, og miljøproblematikkens historie.

#### Foreløpig forslag til pensum forelesningene\*:

Sieferle, (1990) The nature of social science

Vaclav Smil, et seleksjon fra en tidligere bok, eller fra 2006

Eventuelt:

Xuemei Bai et.al

Robbins et al. Environment and society: A critical introduction

McNiell, John (2011) A brief history of the Atmosphere

\*Endelig pensumliste vil bli sendt på sirkulasjon når den er klar. Emnet og pensum skal godkjennes i neste programrådsmøte for samfunnsgeografi.

Etter planen vil vi også gjøre tilsvarende masteremne på samfunnsgeografi til et fellesemne fra og med høsten 2015. Det vil i såfall få emnekode SOSGEO 4301
