

SOSGEO4800: SOCIAL MOVEMENTS IN THE AGE OF MIGRATION

How to find an article on the reading list:

+ = the article/chapter is in two of the three main books for the course. Articles from Pojmann's edited book is available electronically (@)

@ = the article is available online.

The Curriculum is almost all new because the thematic in the course has changed to focus on social movements and migration/minorities/ethnicity. The only theme (and most of the literature references) that continues in autumn 2019 is Right-Wing populism, and here some of the literature remains.
