

Mid-term evaluation, autumn 2020

for all courses at ISS combined

A questionnaire was distributed to all courses through Canvas, with deadline October 1st. The students were asked to fill out one questionnaire per course. There were 487 respondents in total, across 28 courses.

This report is across all the courses, and the one responsible for the course (“emneansvarlig”) received a course-specific report which also include the qualitative responses.

Some replies wrote the wrong course code, and these have been recoded to an existing course if it could reasonably be done so. These are included in the course-specific reports. It is only a handful of responses the recoding is as follows:

- OLA is recoded to OLA4001
- KULKOM and KULKOM1000 are recoded to KULKOM1001
- HGO1100 is recoded to SGO1001
- SOS1003 is recoded to SOS1000
- One response listed three SOS4XXX-courses and is recoded to SOS4010

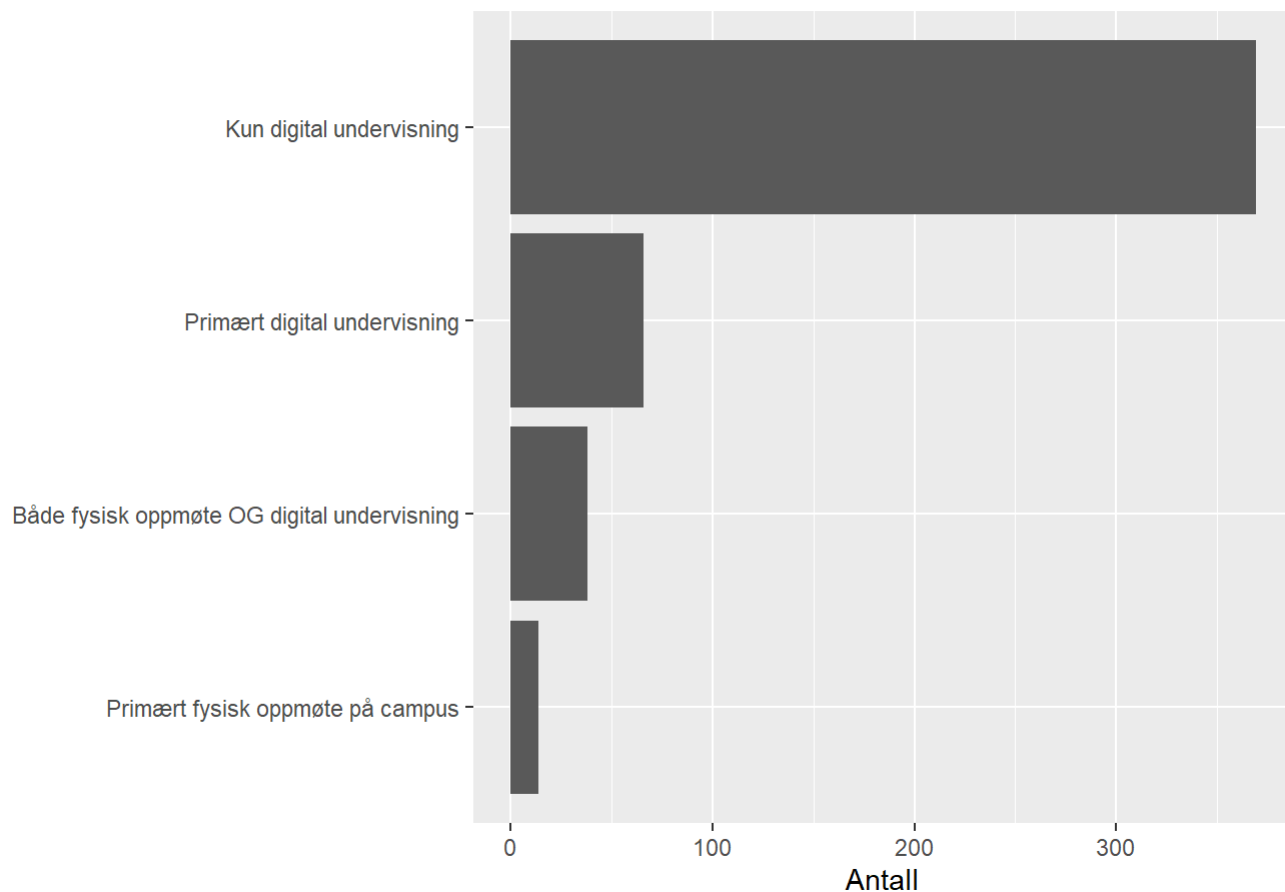

Some responses could not be recoded reliably, as evident in the overview below. These are not included in any of the course-specific reports.

The questionnaire was made in both Norwegian and English, where the latter counted 16 responses. The results from both questionnaires have been combined in this report.

Antall svar fordelt på emner

Type undervisning på emnet

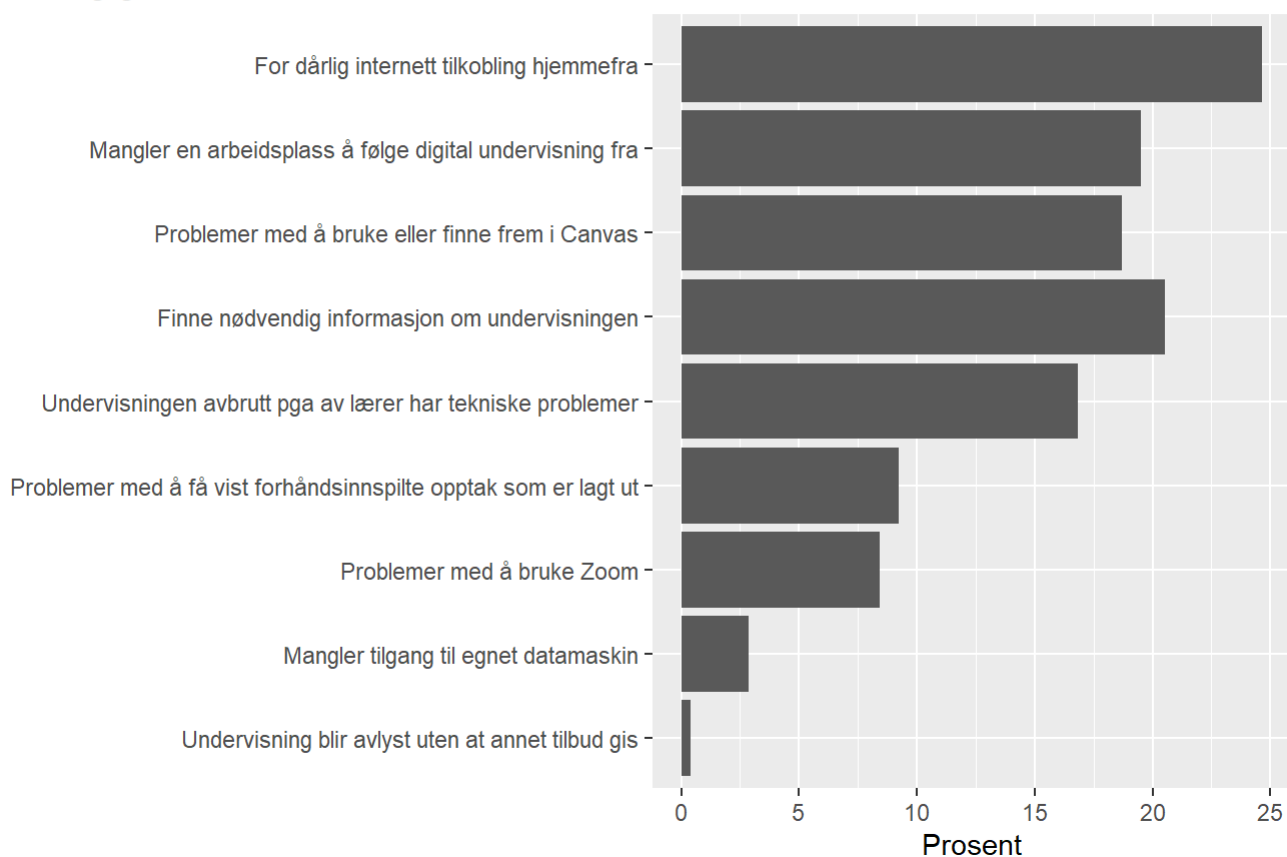

Hvis emnet tilbyr fysisk undervisning: Opplever du at det legges til rette for at personer som ikke kan møte fysisk likevel kan følge undervisningen?

I hvilken grad synes du følgende undervisningsformer har fungert...

Har du opplevd noen av følgende problemer/utfordringer i vesentlig grad?

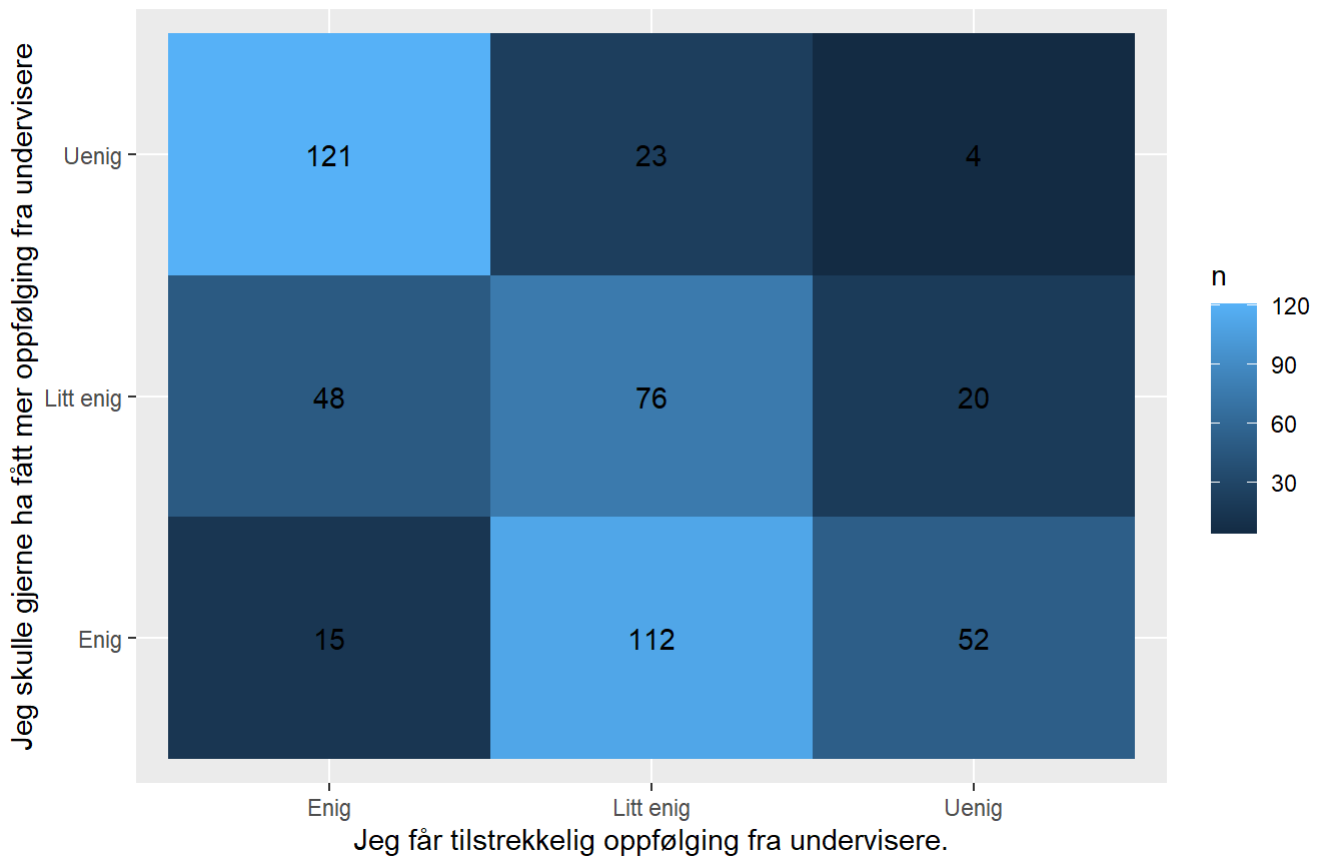

Hva synes du om kvaliteten på forelesningene/undervisningsamlinger?

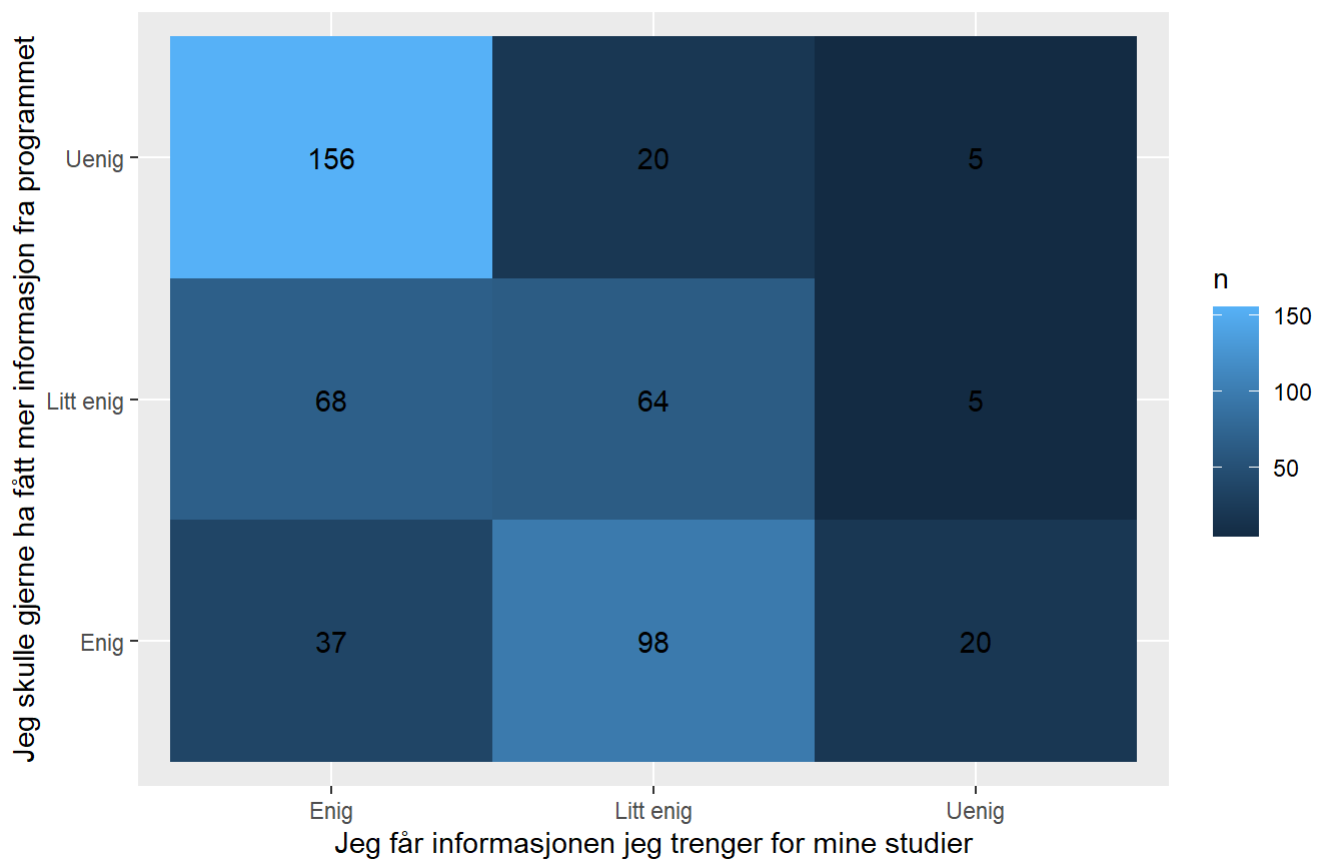

Hva synes du om kvaliteten på seminarene?

Hvordan vurderer du følgende påstander om deg og din studiesituasjon i forhold til emnet

Hvordan vurderer du følgende påstander om deg og din studiesituasjon i forhold til emnet

Helt til slutt, hvordan synes du undervisning generelt har fungert hittil?
