

Change Pensum for OADM 3090

So far OADM 3090 has no pensum attached to it but from the experience of the colleague teaching the course, it would be good to give the students some reference books that they can use when working on their thesis. Therefore, I suggest adding these two titles to the pensum for OADM 3090, both books are already used in the BA thesis course in the political science BA program (STV 3090) and are available through the University library:

Alvesson, Mats; Sandberg, Jorgen (2013) Constructing research questions: doing interesting research. London: Sage.

Ingvill Stuvøy (2021) En smak av forskning: bacheloroppgaven som prosjekt, prosess og produkt. Oslo: Cappelen Damm.
