

## Change in the studieløp for OADM

Due to the Faculty of Law changing the teaching of JUROFF1201 from høst to vår, we have to adapt our studieløp for the OADM program. After talks with the emneansvarlig Tobias Bach, I would suggest that we solve this problem **by moving JUROFF1201 to the second semester and OADM 2100 to the third semester**. For Tobias and ISV it is okay to teach OADM 2100 in the autumn so this seems like the easiest way out of our problem.

This would mean that we offer OADM 2100 next time in vår 2022 and then again in høst 2023.

JUROFF1201 runs this semester using recordings from earlier lectures and will be offered again in vår 2022 and vår 2023.
