The 'Standard for master's thesis' was adopted by the SAI Program council under item 05/05 of February 1st 2005, revised October 2nd 2019, and published on the web page

https://www.uio.no/studier/emner/sv/sai/ANTH4090/thesis_standard.html

According to the standard *"The scope of the master's thesis is 35 000 words (+/- 10%) including footnotes. References and appendices are in addition."*

Endringsforslag og begrunnelse:

Every semester students have many questions about what is actually included in the word count; front page, table of contents, preface etc.

This calls for a more specified list of what is included in the word count and what is not.

Suggested new text:

The scope of the master's thesis is 35 000 words +/- 10%.

Included in the word count:

- *Front page*
- *Abstract*
- *Table of contents*
- *Footnotes*

Optional to include in the thesis, but will be included in the word count:

- *Acknowledgements*
- *Preface*
- *List of figures, maps etc. after the table of contents*
- *Abbreviations after the table of contents*

In addition to the word count:

- *References*
- *Appendices*
