### Kort om emnet

Engelsk:

The aim of the course is to guide students through the process of writing a master thesis. This demands ability to link research question, research strategy, theory and methodology. The lectures and seminars in this course will help the students define a research question and write a thesis outline. Students will use the knowledge gained from theory and method courses.

The course has a two-part structure:

1. A few lectures on writing a thesis
2. Group supervision seminars.

Individual supervisors will be appointed for all students, but students must apply. The web based application form will be posted on the web page *Masteroppgave i TIK og ESST*.

### Hva lærer du?

Engelsk:

#### Knowledge

- Writing a thesis outline
- References and research ethics

#### Skills

- define a research problem or research question
- build a scientific argument
- present and discuss own work
- read and comment upon other students` work

#### Competences

- independent work, critical/analytical thinking
- use scientific methods to analyse social dimensions of knowledge and technology

### Opptak til emnet

Engelsk:

Students who are admitted to study programmes at UiO must each semester register which courses and exams they wish to sign up for in Studentweb.

If you are not already enrolled as a student at UiO, please see our information about admission

requirements and procedures.

The course is applicable for students from the studieprogram:SVMA-ESST and studieprogram:SVM2-TIK.

### **Obligatoriske forkunnskaper**

A Bachelor Degree in Social Sciences, Humanities or equal.

### **Undervisning**

Engelsk:

At the beginning of the course, 4 lectures are held. These lectures focus on what is expected of a master thesis, how to write a thesis outline, and how to define a research question. There will also be short presentation of some of TIK's ongoing research projects.

The rest of the course consists of group supervision seminars. Students are expected to hand in drafts of their thesis outline before each seminar, and participate in group discussions of outlines.

### **Eksamen**

Engelsk:

The exam includes a full thesis outline (up to 8-10 pages), and in addition an individual reading list. The exam will be graded on a pass/fail scale.

Assessment guidelines

### **Eksamensspråk**

Engelsk:

English or Norwegian. ESST students must write their outlines in English.

### **Karakterskala**
